## This Heavy-Duty #5 Rebar Cutter Only Weighs 17.6 lbs.

### The DC-16W #5 Grade 60 Rebar Cutter

Removable Side Handle

**Top-quality manufacturing, long-life alloy tool-steel cutting blocks, safety pressure relief valve, precision-balanced armature, double-insulated electric motor and locking trigger switch.**

This portable medium-duty rebar cutter will safely, efficiently, and cleanly cut rebar up to #5 (5/8") diameter grade 60 rebar. This self-contained electric/hydraulic unit will also cut other items like chain, bolts and rod but is specifically designed for rebar. The DC-16W is intended for effortless heavy-duty applications on vertical and horizontal rebar cutting applications. This tool would be a great asset for swimming pool, masonry and ICF contractors. The DC-16W is a cold-cutting shear unlike saws with abrasive blades and cutting torches. There are no sparks or flame and no trailing hoses to snare equipment or worker's feet. The DC-16W rebar cutter ships complete in a steel carrying case with hydraulic oil and a tool kit. Backed by our BN Products' no-nonsense one (1) year warranty that includes parts & labor.
