

BNHYBR-16 Manual Rebar Bending Bar

- The 30-inch handle makes this a perfect tool for bending rebar in tight places.
- Excellent for bending rebar in sizes 3, 4, & 5 (10mm, 13mm, & 16mm).
- The head is 5/8" steel plate.
- The handle is steel tubing.
- The tool is light weight (6 lbs.) and durable.
- Often the tool is used as a pair when making close radius bends.
- Maximum Capacity is 5/8" #5 (16mm) rebar.

- This tool is packaged individually in a reinforced cardboard carton.
- Prepaid freight is available on orders of 10 or more tools to a single location within the continental United States.
- For additional ordering and shipping information please call (800) 992-3833.
