

BNWB Wrecking Bar

57" Pry Bar with Nail Puller

BNWB Wrecking Bar (57")

BN Products-USA Wrecking Bar is ideal for easily prying forms and other embedded objects. The 57" length gives great leveraging ability. The blade of this bar includes a center keyhole nail-pulling slot and v-notch. This tool has a powder-coated finish with all-steel construction. The body of the tool is made up of a ob-round tube for better fit in the hand to allow for maximum force application.

- Heavy, Strong, Multi-Purpose Tool
- Used for prying heavy objects, align walls during tilt-up construction, roll and align large pipe, removing shingles or flooring, stripping, prying, and placing material.
- Prying apart concrete forms.
- Providing leverage for moving large heavy objects into precision locations.
- 57" Total Length to provide high-leverage as a crow bar and nail and spike puller even in awkward positions
- 3" width to provide large lifting surface.
- Blade is forged and hardened alloy with keyhole nail-pulling slot in center and V-notch in tapered edge.
