## **BNBCS High Tensile Bolt Cutters**

The BNBCS High Tensile Bolt Cutters are the BN Products USA™ industrial standard bolt cutters, offered in six sizes to meet the strength and sizing needs of a wide array of jobsite applications. The BNBCS Bolt Cutters are available in lengths from 14" to 42"

These tools are used for cutting chains, padlocks, bolts and wire mesh. For optimal strength and durability, this series of our tools use a center-cut configuration, made available in six different lengths; 14", 18", 24", 30", 36", and 42". The head is slim enough to allow cutting close to the surface. The cutting jaws are made from hardened forged alloy steel to our exacting specifications and quality standards.

## BNBCS-14

- 14" version of the tool
- Length: 14 5/8" (350mm)
- Weight: 2.35 lbs. (1.07kg)
- Maximum (size) capacity of the cutting jaws: 5/16" (8mm)

*BNBCS-14*

*BNBCS-14 Cutting Jaws - Close Up*

Item ID	Overall Length	Max Cap. HRC-48	Max Cap. HRC-19	Wt. (lb.)	Replacement Jaws
BNBCS-14	14 5/8" (350mm)	3/16" (5mm)	5/16" (8mm)	2.35	RB-BNBCS-14H

*Quality Products Engineered with Intelligence and Imagination*

## BNBCS-18

- 18" long version of the tool
- Length: 18 ½" (450mm)
- Weight: 3.6 lbs. (1.63kg)
- Maximum (size) capacity of the cutting jaws: 3/8" (10mm)

*BNBCS-18*

*BNBCS-18 Cutting Jaws – Close Up*

Item ID	Overall Length	Max Cap. HRC-48	Max Cap. HRC-19	Wt. (lb.)	Replacement Jaws
BNBCS-18	18 ½" (450mm)	¼" (7mm)	3/8" (10mm)	3.6	RB-BNBCS-18H

## BNBCS-24

- 24" long version of the tool.
- Length: 24" (600mm)
- Weight: 5.65 lbs. (2.56kg)
- Maximum (size) capacity of the cutting jaws: 7/16" (11mm)

*BNBCS-24*

*BNBCS-24 Cutting Jaws - Close Up*

Item ID	Overall Length	Max Cap. HRC-48	Max Cap. HRC-19	Wt. (lb.)	Replacement Jaws
BNBCS-24	24" (600mm)	5/16" (8mm)	7/16" (11mm)	5.65	RB-BNBCS-24H

*Quality Products Engineered with Intelligence and Imagination*

## BNBCS-30

- This is the 30" long version of the tool.
- Length: 30" (750mm)
- Weight: 8.6 lbs. (3.9kg)
- Maximum (size) capacity of the cutting jaws: 1/2" (13mm)

*BNBCS-30*

*BNBCS-30 Cutting Jaws - Close Up*

Item ID	Overall Length	Max Cap. HRC-48	Max Cap. HRC-19	Wt. (lb.)	Replacement Jaws
BNBCS-30	30" (750mm)	3/8" (10mm)	1/2" (13mm)	8.6	RB-BNBCS-30H

## BNBCS-36

- This is the 36" long version of the tool.
- Length: 36" (900mm)
- Weight: 11.05 lbs. (5.01kg)
- Maximum (size) capacity of the cutting jaws: 9/16" (14mm)

## BNBCS-42

- This is the 42" long version of the tool.
- Length: 42" (1050mm)
- Weight: 17.25 lbs. (7.82kg)
- Maximum (size) capacity of the cutting jaws 5/8" (16mm)

*BNBCS-42*

*BNBCS-42 Cutting Jaws - Close Up*

Item ID	Overall Length	Max Cap. HRC-48	Max Cap. HRC-19	Wt. (lb.)	Replacement Jaws
BNBCS-42	42" (1050mm)	1/2" (13mm)	5/8" (16mm)	17.25	RB-BNBCS-42H
