DC-32WH2

ELECTRIC-HYDRAULIC REBAR CUTTER

#10 REBAR (1-1/4" / 32 mm GRADE

SUMMARY

This heavy-duty rebar cutting tool provides safe and efficient rebar cuts for daily contractor use. Larger than the popular DC-20WH and DC-25X cutters, the DC-32WH2 effortlessly shears #10, 1-1/4" (32 mm) Grade 60 bar where larger diameters are used or required.

Unlike saws with abrasive blades or cutting torches - the DC-32WH2 eliminates sparks and pen flames - among other safety hazards. A safety relief valve for retracting the hydraulic piston and a cutting guard are among standard features of the DC-32WH2 Cutter.

PORTABILITY

The DC-32WH2 packs 45 tons of cutting pressure into a 80-lb. package, making it portable to almost any job site, where you need the power of a heavy-duty shear!

DIAMOND

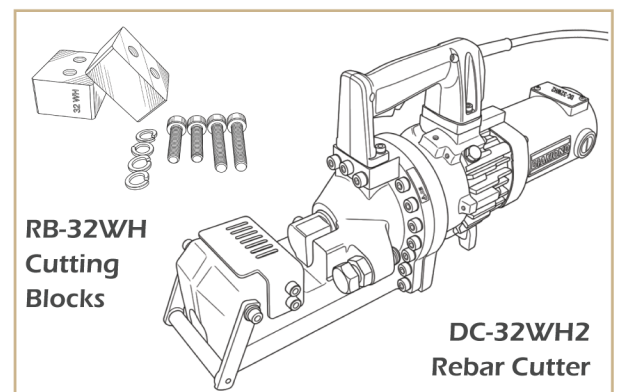

DC-32WH2

**SECURE ADJUSTMENT FOR
FOR ROD DIAMETERS UP
TO 1-1/4" (32 mm)**

- Ideal for Job Site or Small Fabrication Shop
- No Heat, Sparks, or Flame

STANDARD FEATURES
