CUTTING EDGE SAW™

The BNCE-30-24V is a compact and light-weight tool that has a 3-position movable side handle that provides the operator with multiple cutting positions and increased maneuverability in tight areas.

This amazing tool can cut a variety of materials including rebar up to #8 (1"), all-thread rod (up to 1-1/8"), coil rod, EMT conduit, pipe, tubing, and more. It is designed to cleanly cut the material FLUSH with the surface. The BNCE-30-24V has a unique flush-cutting blade guard that greatly reduces blade exposure.

The tool is designed to emit minimal cutting sparks and the cut material is burr-free and cool to the touch. Each BNCE-30-24V has a one year warranty from the date purchase. We provide replacement parts, TCT cutting blades, technical support, customer service and a network of repair centers.
