THE MOST TRUSTED NAME IN REBAR TOOLS

## DC-25X

### ELECTRIC-HYDRAULIC REBAR CUTTER

#8 REBAR (1" - 25MM GRADE 60)

#### SUMMARY

This portable rebar cutting tool provides safe and efficient rebar cuts for heavy-duty contractor use. Slightly larger than the popular DC-20WH, the DC-25X effortlessly shears #8 - 1" (25mm) Grade 60 bar where larger diameters are used or required.

Unlike saws with abrasive blades or cutting torches - the DC-25X eliminates sparks and open flames - among other safety hazards. A safety relief valve for retracting the hydraulic piston and a cutting guard are among standard features of the DC-25X Cutter.

#### PORTABILITY

At just under 50 lbs - the DC-25X has all the power you need in a heavy-duty shear, and is easy to move... to just where you need it!

DC-25X

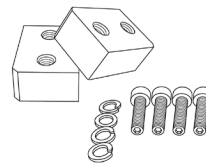

SECURE ADJUSTMENT FOR  
FOR ROD DIAMETERS UP  
TO 1" (25MM)

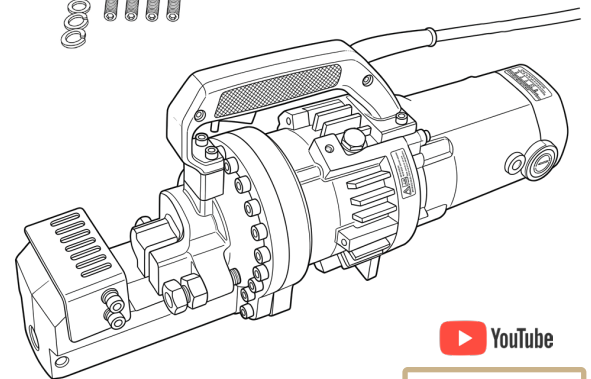

- Ideal for Job Site or Small Fabrication Shop
- No Heat, Sparks, or Flame
